## The game of masks

# Internal Theatre

What mask do you choose to wear today?

What mask complete your personality?

In the next pages, you will find 50 masks models. Print the pages, color the masks as you like, crop them and wear with a stick or a band.

These tools can be used at a masquerade, a birthday party or even in a therapy session.

Tip: print on a cardboard or glue it on a cardboard before cropping, so the mask could be more resistant.

Disclaimer: these patterns have a standard dimension, the fit is not guaranteed. Use this tool with more focus on the internal feeling than the outside look.
